Publiction List of Y.-W. Peter Hong

**Books**

**Book Chapters**

**Journal Publications**

Conference Publications

[C4] Shih-Ying Chen, Ting-Feng Huang, Kate Ching-Ju Lin, Y.-W. Peter Hong, and Ashutosh Sabharwal, “Probabilistic-based Adaptive Full-Duplex and Half-Duplex Medium Access Control,” to be presented at IEEE Global Communications Conference (Globecom) 2015.

[C40] Roberto Pagliari, Y.-W. Peter Hong, and Anna Scaglione, “A Low-Complexity Scheduling Algorithm for Proportional Fairness in Body Area Networks,” in Proceedings of International Conference on Body Area Networks (BodyNet) 2009.

[C60] Yao-Win Hong, Anna Scaglione, Rajit Manohar and Birsen Sirkeci-Mergen, “Dense sensor networks are also energy efficient: when 'more' is 'less,'” in Proceedings of MILCOM 2005, Atlantic City, NJ, October 17-20. (received the best unclassified paper award at MILCOM)

[C73] Yao-Win Hong and Anna Scaglione, “Cooperative Transmission in Wireless Multi-hop Ad hoc Networks using Opportunistic Large Arrays,” in *Proceedings of IEEE Workshop*
